**MURRELL'S FARM AND BOYS HOME GROUP HOME CONTRACT COMPLIANCE
MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Murrell's Farm and Boys Home (The Group Home) in February 2013. The Group Home has two sites located in the First Supervisorial District and provides services to County of Los Angeles DCFS foster youth. According to the Group Home's program statement, its purpose is, "to insure that each client has a clear understanding of the expectations for success."

The Group Home has two six-bed sites each licensed to serve a capacity of six boys, ages 13 through 18. At the time of review, the Group Home served 12 placed DCFS children. The placed children's overall average length of placement was five months, and their average age was 16.

SUMMARY

During OHCMD's review, the interviewed children generally reported feeling safe at the Group Home; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity.

The Group Home was in full compliance with seven of 10 areas of our Contract compliance review: Licensure/Contract Requirements; Educational and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Discharged Children; and Personnel Records.

Deficiencies were noted in the areas of: Facility and Environment, related to the Pillsbury site building's exterior requiring repair; Maintenance of Required Documentation and Services Delivery, related to untimely and incomprehensive initial and updated Needs and Services Plans; and Personal Needs/Survival and Economic Well-Being, related to clothing inventories. OHCMD instructed the Group Home supervisory staff to enhance monitoring in order to eliminate documentation issues and ensure compliance with the clothing and building maintenance requirements.

Attached are the details of our review.

REVIEW OF REPORT

On March 22, 2013, the DCFS OHCMD Monitor, Donald Luther, held an Exit Conference with the Group Home representative Lupe Rascon Maldonado, Administrator. The Group Home representative agreed with the review findings and recommendations; was receptive to implementing systemic changes to improve compliance with regulatory standards; and to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD will assess for implementation of recommendations during our next monitoring review.

**MURRELL'S FARM AND BOYS HOME GROUP HOME
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The following report is based on a "point in time" monitoring visit. This compliance report addresses findings noted during the February 2013 review. The purpose of this review was to assess Murrell's Farm and Boys Home's (The Group Home) compliance with its County contract and State regulations and included a review of the Group Home's program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, five placed children were selected for the sample. The Out-of-Home Care Management Division (OHCMD) monitor interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children's files were reviewed to assess the Group Home's compliance with permanency efforts. At the time of the review, one placed child was prescribed psychotropic medication. The OHCMD monitor reviewed the child's case file to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

OHCMD reviewed three staff files for compliance with Title 22 Regulations and County contract requirements, and conducted site visits to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

The OHCMD Monitor found the following three areas out of compliance.

Facility and Environment

- During a walkthrough of the facilities, the OHCMD monitor observed the screen on an office window at the Pillsbury site was damaged. The window screen was repaired at the time of the review. The wooden front entry door had a large crack in one door panel. The door was subsequently replaced. The Group Home submitted photographic documentation and a receipt for a new replacement door. Further, on March 22, 2013, the OHCMD monitor verified the installation of the new door.

Recommendation

The Group Home management shall ensure that:

1. The exterior areas of the group home sites are maintained in good condition.

Maintenance of Required Documentation and Service Delivery

The Group Home social worker had recently resigned to operate a private practice, and the Group Home was seeking a replacement. A new social worker was hired; however, made an unsuccessful attempt at completing outdated Needs and Services Plans (NSP) that were left unattended, as a result of his predecessor's resignation. The newly hired social worker was terminated on March 22, 2013 due to a "conflict of interest" with his other employer. As of April 8, 2013, the Group Home hired a qualified replacement.

- Monthly contacts by the Group Home to the Department of Children and Family Services (DCFS) Children's Social Workers (CSWs) were not documented in the newer updated Needs and Services Plans.
- Three of five reviewed initial NSPs were not completed timely and were not comprehensive, lacking plans, method, and person(s) responsible to assist the children in obtaining their NSP goals.
- Three of six reviewed updated NSPs were incomplete and not timely. The NSPs lacked objectives, timeframes, measurability, no indication of progress, lacked start and projected goal completion dates and one child's NSP lacked documentation of his family phone calls.

Recommendations

The Group Home management shall ensure that:

2. CSWs are contacted each month by the Group Home staff and contacts are appropriately documented in the children's NSPs and case files.
3. Initial NSPs are timely, comprehensive, and contain all elements of the NSP template.
4. Updated NSPs are timely, comprehensive, and contain all elements of the NSP template.

Personal Needs/Survival and Economic Well-Being

- Clothing inventories for two children did not meet DCFS clothing standards for quantity. One child lacked slippers and another child lacked slippers and an additional sweatshirt. These items were provided to the children by the next day. The Group Home provided receipts to the OHCMD monitor to verify the purchase of the clothing items.

Recommendation

The Group Home management shall ensure that:

5. All children are provided adequate clothing to meet DCFS standards for quantity.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report, dated September 26, 2012, identified nine recommendations.

Results

Based on our follow-up, the Group Home fully implemented six of nine recommendations for which they were to ensure that:

- The Group Home is in compliance with Title 22 Regulations,
- Carpeting and flooring are in good repair,
- All children's bedrooms have sufficient lighting,
- All children's beds have a full complement of clean linen, mattress pads, and pillows,
- The treatment team develops comprehensive updated NSPs with the children,
- All children are enrolled in school within three days of placement or maintain documented efforts and attempts,
- All children have sufficient quantities of clothing to meet DCFS standards for quantity,
- All children are encouraged and assisted in creating and maintaining a life book/photo album, and
- The outstanding recommendations from OHCMD's prior monitoring report are fully implemented.

The Group Home did not implement the recommendations of ensuring development of comprehensive updated NSPs; ensuring children have sufficient quantities of clothing to meet DCFS standards for quantity; and full implementation of outstanding recommendations from OHCMD's prior Monitoring Report.

Recommendation

The Group Home management shall ensure that:

6. The outstanding recommendations from the 2012 monitoring report, dated September 26, 2012, which are noted in this report as Recommendations 4, 5, and 6 are fully implemented.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

The Auditor-Controller conducted a fiscal review of the Group Home for the period January 1, 2004 to December 31, 2004. The fiscal report dated April 8, 2008 identified \$7,360 in unallowable expenditures and \$129,858 in unsupported/inadequately supported expenditures. The balance has since been paid in full.
